

INTRODUCTION:

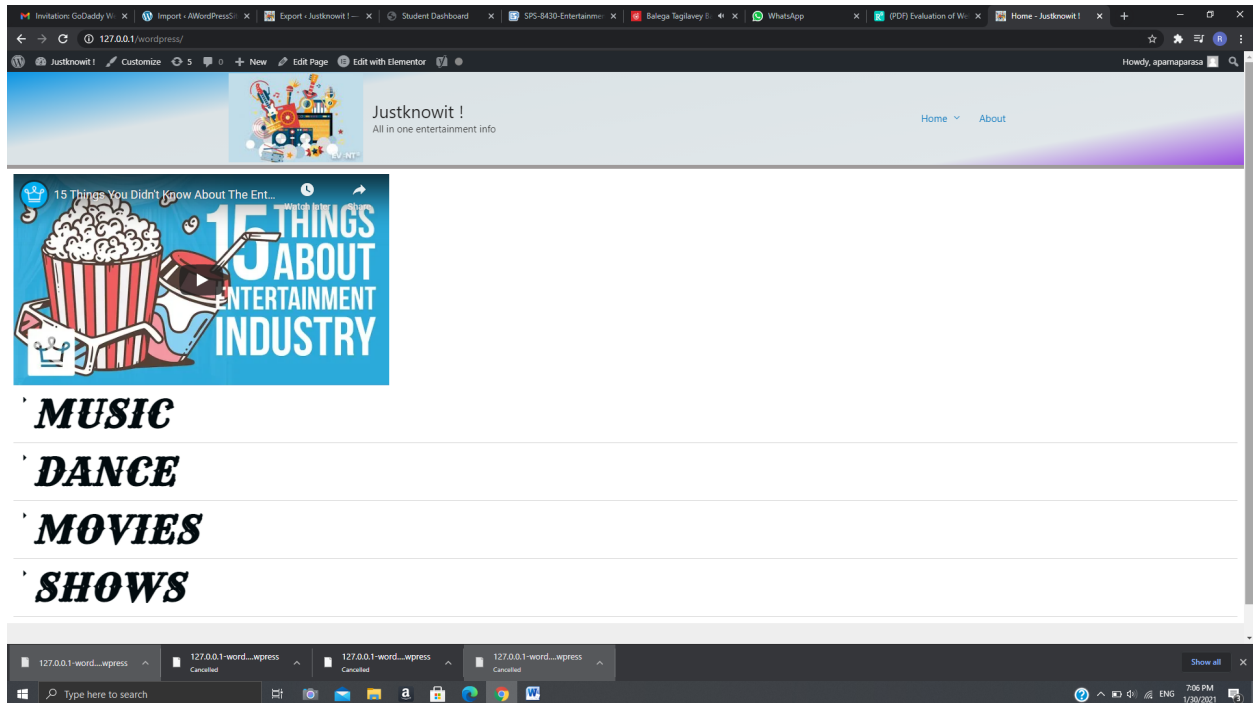

My website is all about providing users about different entertainment platforms in a single platform.

LITERATURE SURVEY

EXISTING PROBLEM: It is really difficult to search and memorise different types of entertainment platforms and their categories.

PROPOSED SOLUTION: The website of mine provides a platform for users to know all of them at a single place.

THEORITICAL ANALYSIS

ADVANTAGES AND DISADVANTAGES:

The website does not provide a wide category but can do it to its fullest.

Advantage is we need not check multiple websites for the information we need.

FUTURE SCOPE: This website can be further developed and made much better with many more features and themes !

APPLICATIONS: This is used to search desired entertainment platform with just a single click !

SOURCE CODE: [view-source:chrome://history/](#)

WEBSITE LINK: <https://o5n.c9b.myftpupload.com/>

RESULT:

Finally could make a website using Wordpress and elementor and successfully hosted it on go daddy website.
